

TDJ4M local history assignment

From the provided list of historical sites you are to.

Create a PowerPoint with 4 different views of the property.

On other slides describe the history of the building. List things such as architectural significance of the building including, elements, era, age, costs, tenants, materials, uses and anything else that you deem important.

Use google earth to show the location of the property. List cross roads.

You are to prepare your Power Point in proper presentation style. 7 by7 rule etc.
